## Reading/Fine Motor Challenge

Every time you read a book at home, or complete 10 minutes of fine motor fill out a snowflake. Once all snowflakes are completed, bring it back to school for a PRIZE!

Please be sure to describe what you did ON EACH SNOWFLAKE!

If you read a book, write the title on the snowflake. If you complete some fine motor tasks or independence skills, describe what you did on each snowflake.

\*Ideas: Color a picture, practice writing letters or numbers, practice putting on your coat and zipping it up all by yourself, write or trace your name, draw shapes and cut them out, build with little Legos, string beads, use stickers, play with play doh, etc. We can't wait to see what you come up with!
